(2) The States adopting the objectives and monitorable environmental conditions referred to in sub paragraph (1), in the building bye-laws and relevant State laws and incorporating these conditions in the approvals given for building construction making it legally enforceable shall not require a separate environmental clearance from the Ministry of Environment, Forest and Climate Change for individual buildings.

(3) The local authorities like Development Authorities, Municipal Corporations, may certify the compliance of the environmental conditions prior to issuance of Completion Certificate, as applicable as per the requirements stipulated for such buildings based on the recommendation of the Environmental Cell constituted in the local authority.

(4) The State Governments where bye-laws or rules are not framed may continue to follow the existing procedure of appraisal for individual projects and grant of Environmental Clearance for buildings and constructions as per the provisions laid down in this notification.

(5) For the purpose of certification regarding incorporation of environmental conditions in buildings, the Ministry of Environment, Forest and Climate Change may empanel through competent agencies, the Qualified Building Environment Auditors (QBEAs) to assess and certify the building projects, as per the requirements of this notification and the procedure for accreditation of Qualified Building Auditors and their role as given at Appendix-B.

(6) In order to implement the integration of environmental condition in building bye-laws, the State Governments or Local Authorities may constitute the Environment Cell (herein after called as Cell), for compliance and monitoring and to ensure environmental planning within their jurisdiction.

(7) The Cell shall monitor the implementation of the bye-laws and rules framed for Integration of environmental conditions for construction of building and the Cell may also allow the third part auditing process for oversight, if any.

(8) The Cell shall function under the administrative control of the Local Authorities.

(9) The composition and functions of the Cell are given at Appendix-C.

(10) The Local Authorities while integrating the Environmental Concerns in the building bye-laws, as per their size of the project, shall follow the procedure, as given below:

Buildings Category 'I' (5,000 to < 20,000 Square meters)

A Self declaration Form to comply with the environmental conditions (Appendix A) along with Form 1A and certification by the Qualified Building Environment Auditor to be submitted online by the project proponent besides application for building permission to the local authority along with the specified fee in separate accounts. Thereafter, the local authority may issue the building permission incorporating the environmental conditions in it and allow the project to start based on the self-declaration and certification along with the application. After completion of the construction of the building, the project proponent may update Form 1A online based on audit done by the Qualified Building Environment Auditor and shall furnish the revised compliance undertaking to the local authority. Any non-compliance issues in buildings less than 20,000 square meters shall be dealt at the level of local body and the State through existing mechanism.

Other Buildings Categories (>20,000 Square meters)

The project proponent may submit online application in Form 1 A alongwith specified fee for environmental appraisal and additional fee for building permission. The fee for environmental appraisal will be deposited in a separate account. The Environment Cell will process the application and present it in the meeting of the Committee headed by the authority competent to give building permission in that local authority. The Committee will appraise the project and stipulate the environmental conditions to be integrated in the building permission. After recommendations of the Committee, the building permission and environmental clearance will be issued in an integrated format by the local authority.

The project proponent shall submit Performance Data and Certificate of Continued Compliance of the project for the environmental conditions parameters applicable after completion of construction from Qualified Building Environment Auditors every five years to the Environment Cell with special focus on the following parameters:—

- (a) Energy Use (including all energy sources).
- (b) Energy generated on site from onsite Renewable energy sources.
- (c) Water use and waste water generated, treated and reused on site.
- (d) Waste Segregated and Treated on site.
- (e) Tree plantation and maintenance.

After completion of the project, the Cell shall randomly check the projects compliance status including the five years audit report. The State Governments may enact the suitable law for imposing penalties for non-compliances of the environmental conditions and parameters. The Cell shall recommend financial penalty, as applicable under relevant State laws for non-compliance of conditions or parameters to the local authority. On the basis of the recommendation of the Cell, the local authority may impose the penalty under relevant State laws. The cases of false declaration or certification shall be reported to the accreditation body and to the local body for blacklisting of Qualified Building Environment Auditors and financial penalty on the owner and Qualified Building Environment Auditors. No Consent to Establish and Operate under the Water (Prevention and Control of Pollution) Act, 1974 and the Air (Prevention and Control of Pollution) Act, 1981 will be required from the State Pollution Control Boards for residential buildings up to 1,50,000 square meters.

Directives

MAHARASHTRA REGIONAL TOWN PLANNING ACT, 1966.

No. TPS. 1816/CR 443/16/RP Directives/UD-13.— The Government has sanctioned various Development Plans (hereinafter referred to as ‘ the said Development Plans’) along with their Building Bye-laws and Development Control Regulations (hereinafter referred to as ‘ the said Development Control Regulations ’) to All Municipal Corporations / Special Planning Authorities / Municipal Council and for all Regional Plans (hereinafter referred to as ‘ the said Authorities ’) under the provisions of the Maharashtra Regional and Town Planning Act, 1966 (hereinafter referred to as ‘ the said Act ’) ;

Land, Air, Noise, Water, Energy, Biological, Solid and other waste management are the main environment factors to be considered in relation to the pre-during-post building construction and for that the Environment Clearance is necessary for a few categories of construction projects and area development projects under EIA notification 2006 as amended from time to time. The Ministry of Environment, Forest and Climate Change has decided to integrate the green norms/ environmental safeguards into building plans approval process and to empower the concerned local authorities/planning authorities to examine, stipulate and ensure compliance of the environmental requirements in their respective areas with an objective of “ Ease of Doing Business ”.

And whereas the Ministry of Environment, Forest and Climate Change has sanctioned the amendment for incorporating Integration of Environmental condition in the building bye-laws *vide* MIEF Notification No. S. O. 3999(E), dated 9th December 2016 (hereinafter referred to as the said notification) in which proposed that the State Government should incorporate the green norms/parameters (hereinafter referred to as the said Proposed Environmental norms) to be adopted for all buildings and constructions having built up area from 5000 sq mtr. to 1,50,000 sq. mtr. in the said Development Control Regulation of the respective said Authorities as specifically mentioned in the said notification.
